GOLMARSAFE Wireless Radio Repeater RP-R11W

Reference: RP-R11W
Product code: 21085813
EAN code: 8429898036212

Main characteristics

- Two-way wireless communication using FSK protocol. AES communication encryption. Operating frequency: 868 MHz Communication range: up to 600 m in open space. Supports up to 7 repeaters per control panel. Supports up to 100 wireless devices per repeater. LED status indicators: red, green and yellow. Operating and communication status monitoring. Tamper protection. Power supply: 5 V DC via power adapter. 3.7 V / 2,000 mAh lithium backup battery. Backup autonomy: up to 12 hours. Operating temperature: -10 °C to +55 °C. Relative humidity: up to 95%, non-condensing. Dimensions: 114 × 92 × 14 mm.

Accessories

- GolmarSafe Wireless Alarm Kit
- GOLMARSAFE PIR-934DTEW Outdoor Dual Technology Detector
- GolmarSafe CM-033W wireless magnetic contact
- GolmarSafe KP-810W Wireless Keyboard
- GolmarSafe PIR-910W Wireless Infrared Detector
- Wireless Outdoor Siren (CR123A) GOLMARSAFE HP-106W
