

Reference: GOLMARSAFE
Product code: 21081000
EAN code: 8429898030968

Main characteristics

4G/IP Wireless Intrusion Kit

- Programming and control with the GolmarSafe APP
- The control panel includes a 90dB indoor siren and backup battery in case of a power failure.
- Network .LTE,Ethernet
- Programmable:sensor: 100
- Programmable users: 64
- RFID cards: 64
- RF frequency: 868 frequency hopping Mhz, 128 AES encryption

Components:

- 1 HUB
- 1 PIR detector
- 1 Magnetic contacts
- 1 RF Remote control

More information

Specifications	
Installation	No wires
Technology	Via Radio
Communication Type	GSM 4G,LAN
Number of zones (max.)	100
Battery charger	Yes
Signaling	Led,Acoustically
Input voltage (Vac)	220
Use	Indoor

Accessories

- CIP-102G2C 2Mpx Wi-Fi camera with 3.6mm lense
- GolmarSafe KP-810W Wireless Keyboard
- GOLMARSAFE PIR-934DTEW Outdoor Dual Technology Detector
- GolmarSafe PIR-910W Wireless Infrared Detector
- GolmarSafe CM-033W wireless magnetic contact
- CIP-104G2C 2Mpx Wi-Fi indoor PTZ camera with 3.6mm lens
- GolmarSafe TX-810W Remote Control
- Golmarsafe PIR-909CW Infrared Curtain Detector
- GolmarSafe DA-302W wireless flood detector
- Wireless Outdoor Siren (CR123A) GOLMARSAFE HP-106W
