

PATROL[®] 803

PROFESSIONAL COMBINED PASSIVE
INFRARED & GLASS BREAK DETECTOR

PATROL-803/803PET incorporates two cutting edge detection technologies.

PATROL-803/803PET analyzes the environment and detects the person's motion when crossing the infrared beam. Acoustic glass break detector identifies the sounds of glass and breakage.

PATROL-803/803PET enables an exceptionally reliable detection and stable "false alarms free" operation in unstable environments.

PATROL[®] 803 PET

PROFESSIONAL COMBINED PASSIVE
INFRARED & GLASS BREAK DETECTOR
WITH PET IMMUNITY UP TO 30KG
